

Dear President Obama...
4 years ago I sent
a letter to George W. Bush
asking him to stop the war.
I waited and waited for a response
but I NEVER got one. Now I am
hoping you will listen. I am very
glad you believe in stopping the
war. I also am glad you believe
in early childhood education.
I now know that we are safe
with a leader who knows the way
of doing things in a positive way.
The best leader in the world.
Sincerely, Evan Alexander Lincoln Neiden
